

TO HARNESS THE POSSIBILITIES OF OIL AND GAS, TO ADDRESS THE ENERGY DEMAND AND DRIVE THE SUSTAINABLE FUTURE

Volume 1 / Issue 1 / July 1, 2024

“
Teach self-denial and
make its practice
pleasure, and you can
create for the world a
destiny more sublime
that ever issued from
the brain of the wildest
dreamer.”
(Sir Walter Scott)

CURRENT DEVELOPMENTS

EXCITING NEWS: MERGER OF OUR OIL & GAS AND RENEWABLE ENERGY COMPANIES!

The Board of Directors and the Management are excited to announce that the BOD & shareholders voted to approve the proposed merger (the Merger) with the petroleum and renewable businesses at the Special General Meeting on Thursday, June 27, 2024. All conditions to precedent necessary to implement the Merger that require a positive action or event in order to be satisfied have now been satisfied or waived. The merger of the STADOil company with our Renewable Energy company will bring all energy solutions under one unified platform named **STADENERGY** (STAD ENERGY). This strategic merger aims to serve the diverse needs of our valued customers more efficiently and sustainably.

By combining our expertise in traditional energy with cutting-edge renewable technologies, we are committed to providing comprehensive, innovative, and reliable energy solutions. This integrated approach will enhance our ability to deliver exceptional service and support to all your energy needs, whether they involve oil, gas, solar, or wind power.

FUEL Stantin Brand Logo

According to the release, the new merger will allow **STADENERGY** to its comprehensive energy investment plans for the African region under a single entity, in order to leverage **STADENERGY**'s access to the African energy market, as well as for exploration, development and production activities and general development plan for MENA and Africa. The decision was made “in favour of enhanced financing fossil fuel and renewable energy companies”.

Completion of the investments in the new venture will take place within 90 days of the date of the agreement or on a date as determined by the BOD.

All Energy Solutions under one roof

Our oil and gas portfolios and renewable energy experienced teams are better together. The combination will deliver the increased scale, diversity and resilience to better navigate the energy transition.

We thank you for your continued trust and partnership.
